

Sports Premium

What is the Sports Premium?

The government is providing funding of £150 million per annum for the academic years 2013/14 and 2014/15 to provide new and substantial primary school sport funding. The funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school Headteachers to spend on improving the quality of sport and PE for all their children.

Each school will receive £8,000 plus an extra £5 per pupil each year for the next two years. In 2014/15 Mount Pellon Primary Academy was allocated £10,145. The money can only be spent on sport and PE provision in schools. The money will be used so that all children benefit regardless of their sporting ability.

Purpose of the funding

All schools have to spend the sport funding on improving their provision of PE and sport, but there is freedom to choose how we do it. At Mount Pellon Primary Academy we recognise the contribution of PE to the health and well-being of the children. In addition, we believe that an innovative and varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude, social skills and academic achievement of all children.

Sports Premium Funding Spending at Mount Pellon Primary Academy		
What we did	Impact	Next Steps 2015/16
<p>Part funding of a full time expert sports coach.</p> <p>Part funding of 2 part time sports leaders.</p> <p>This has enabled –</p> <ul style="list-style-type: none"> • Increased quality PE teaching • Extra CPD sessions for teachers to improve PE teaching across school • Full extra-curricular programme across school. • Involvement in competitive sporting events with other local schools • Introduce 1:1 interventions using sport as a medium for vulnerable children. • Increase in supported and supervised sports activities at lunchtimes. • Involvement in sports festivals 	<ul style="list-style-type: none"> • Raising standards through early introduction to fundamental movement skills. • Improvement in gross motor skills • More consistent quality within PE sessions. • Sporting activities available every night after school including those that target girls specifically and younger children • Children trying new sports and activities. • Programme created to enable all children to attend not just children who are talented. • Improved activity levels during break times. • Improved behaviour at lunchtimes. • Improved attitude, concentration and behaviour of children receiving 1:1 intervention 	<ul style="list-style-type: none"> • Further increase quality of PE teaching by introducing accurate assessment procedures • Involvement in Fitter, Faster, Smarter , Stronger initiative to increase children’s understanding of a healthy lifestyle. • Expand the intervention sessions to target a greater number of children who will benefit from sports related activity • Employ an extra specialist sports leader at lunchtimes so that younger children have structured sport • Make links with local sporting teams/clubs to introduce children to a wider range of sports. • Expand the range of sporting competitions with other schools
